

Zach Munro-Cape

WORK EXPERIENCE

MAY 2014 - AUGUST 2015

Orbis Access

Developer Intern

Conceptualized and created the 5th annual Orbis Challenge while in the Vancouver office. Worked alongside a Product Manager in Hamilton, Bermuda on performance and web security issues as well as a scrum team across the entire development stack. C#, Java, Python, Javascript, HTML5, CSS.

SEPTEMBER 2012 - MAY 2014

New College, University of Toronto

IT Support Staff

Provided support for the students and faculty of New College. Reduced downtime of lecturing equipment through creation and implementation of monitoring program. Assisted in a hardware upgrade throughout the departments and library.

SEPTEMBER 2012 - APRIL 2014

Department of Computer Science

Student Mentor

Peer Mentor in the First Year Learning Community program. Alongside other mentors we plan and facilitate bi-weekly academic, social, and career development events for first year students in Computer Science.

MAY 2012 - AUGUST 2013

Halifax Regional Water Commission

Summer Student Labourer

As a member of a team, executed the maintenance and upkeep of 9 water treatment sites. Personally organized schedule to account for routine events alongside urgent repairs.

LEADERSHIP

SEPTEMBER 2012 - APRIL 2014

Computer Science Student Union

Internal Liaison

Served as the correspondent to larger student union, was responsible for the logistical planning of numerous on-campus events including academic workshops, job fairs, game nights, and social events.

MAY 2013 - SEPTEMBER 2013

UofT Hacks

Hackathon Executive

Main focus was on the day-of operations providing logistical support to the event involving hundreds of students from across North America at U of T for a completely student-led Hackathon.
